By G. MILTON KELLY  
WASHINGTON (AP) — The Senate Judiciary committee today called Hoffa an ally of gangsters, a betrayer of fellow unionists, and a corrupter of men. Ending three years of investigation during which it repeatedly tried to bring Hoffa back to the labor movement, the committee voiced a unanimous declaration: "From this point on, the fate and future of James R. Hoffa rest with the executive and judicial branches of the government, the monitors of the appointed group created by the House to police the Teamsters' union inevitably with his own members."

The decent elements of organized labor have hung a "gangster's label" on Hoffa, the committee said, renewing its 1956 finding that he should be ousted. Hoffa is successful in combining the combined weight of the government and public opinion against the cause of decent unionism. Hoffa is successful in combining the combined weight of the government and public opinion against the cause of decent unionism.

Plundering of union treasuries, health and welfare funds, ruthless denial of democratic procedures, and outright betrayal of rank and file members were clearly established, the committee charged.

Hoffa said he always got for the Teamsters the best contracts in the whole collective bargaining field. The committee said Hoffa's own testimony "taken as a whole is unworthy of belief."

## Try in Vain for a New Jury Panel

LITTLE ROCK (AP) — Attorneys for a Negro charged in the fatal stabbing of an elderly white merchant tried vainly today to have the regular and special jury panels thrown out of Pulaski Circuit Court.

The attempt was made before the start of the first degree murder trial of Clarence Stewart Jr., about 21.

Stewart, of near Scott, is accused of slaying William N. Caldwell, 70, in his auto parts store at North Little Rock on Jan. 8, 1959.

Thad Williams, one of the two Negro attorneys defending Stewart, argued that Negroes had been limited for jury duty and that panels had been "unlawfully manipulated" for several years to restrict Negro participation.

Judge William J. Kirby overruled the motion to quash the panel. He also overruled a motion that all jury commissioners who have chosen panels in first degree court since 1938 be subpoenaed for questioning, and a motion for quashing the prosecutor's information which charged Stewart with the killing.

Chief Deputy Prosecutor John T. Jernigan, who is handling the case for the state, said he would seek the death penalty.

## J. D. Bowden, 84, of Hope, Dies in Louisiana

Joseph D. Bowden, aged 84, a lifelong Hempstead resident and a retired carpenter, died Sunday at Alexandria, La. where he was visiting.

He is survived by two sons, Stuart of Texarkana and Joe Bowden of the U.S. Army; three daughters, Mrs. Pauline Carpenter of Houston, Mrs. J. F. McClanahan of Knoxville, Tenn., and Mrs. Frances House of Kalamazoo, Mich.; two brothers, Early of Hope and John Bowden of Little Rock.

Funeral services will be held at 2 p.m. Wednesday at Herndon-Cornelius Funeral Home Chapel by Dr. John McClanahan. Burial will be in Rose Hill Cemetery.

## Yerger Club Gets Superior Rating

The Dramatic Club of Yerger High School, in competition with some of the leading high schools of the state at a state-wide Fine Arts Festival, received "Rating-1-Superior" for its presentation of the one act play, "Who Murdered Who?" at Philander Smith College, Little Rock, last week.

While on the campus the teachers and cast visited with 15 former students of Yerger.

The cast consisted of Shirley Hicks, Doris Woods, Roosevelt Jamison, Bertha Powell, Vera Williams, John Dennis, Marion Hicks and Frank Turner. Mrs. N. R. Yerger directed.

## Viruses May Be Cause of Cancer

By ALTON BLAKESLEE  
Associated Press Science Writer  
LOUISVILLE, Ky. (AP) — Top virus experts today presented new and surprising evidence that human cancers probably are caused by viruses.

They also reported that some viruses, contrary to current scientific opinion, can produce substances which destroy cancers.

If specific viruses can be pinpointed in human cancers, new methods might be developed to prevent or control the disease.

"Every man is a walking museum of many viruses," Dr. Jerome T. Syvertson, of the University of Minnesota told a seminar for science writers sponsored by the American Cancer Society.

Man harbors more than 150 viruses, mostly just recently detected, and "we are not sure what many of them do," he said. But "now we believe that some human cancers must be caused by viruses."

Dr. Sarah Stewart of the National Cancer Institute, Bethesda, Md., reported that extracts from two human cancers, and from the urine of three children with cancer have produced curious, cancer-like growth changes in healthy human cells grown in laboratory dishes.

There are grounds to suspect—but no proof yet—that the extracts could contain a virus.

She also has found that a virus causing leukemia in mice can induce cancers in other types of animals. Humans handling the cancerous mice have been found to have antibodies against the virus, indicating they had been infected with it but had resisted it.

"There are tantalizing leads" now to incriminate viruses in human cancers, said Dr. Wendell M. Stanley, Nobel Prize winner of the University of California.

## Journalism Day Climaxed With Banquet

Journalism Day was highlighted for the Hope Hi-Lights staff with the annual Quill and Scroll banquet last weekend at the Diamond Cafe. Billie Wilkinson conducted the informal initiation of the following new Quill and Scroll members:

Cecilia Cox, Judy Easterling, Sharon Fielding, Cindy Forster, Virginia Kinsey, Jo Carolyn Lewis, Louise Lively, Peggy Martin, Carroll McKee, Carol Joy Myers, Mary Lou Park, Dorothy Smith, Barbara Thompson and Linda Thrash.

Joe Crain offered the invocation and Quill and Scroll president Carol Coop acted as Mistress of Ceremonies. The program was arranged by Suzanne Summerville who introduced the guest speaker, Arthur Wimmell.

"Experience in Journalism" was the subject of his talk which was well received by those aspiring to a career in the journalism field. The 29 attending the banquet included journalism teacher and Quill and Scroll sponsor Mrs. McDowell Turner and Mr. Turner, the guest speaker and Mrs. Wimmell and school superintendent, James H. Jones and Mrs. Jones.

## Divided Group Starts Work on Rights Measure

By JOHN CHADWICK  
WASHINGTON (AP) — A sharply divided Senate Judiciary Committee, working under forced draft, starts its consideration today of the House-passed civil rights bill.

Called into closed session, it planned to hear first from Atty. Gen. William P. Rogers, the administration's chief spokesman for the legislation, and Charles J. Bloch, a Macon, Ga., constitutional lawyer, as spokesman for the opposition.

The idea was not to have a public hearing but to let Rogers and Bloch and the 15 committee members, all lawyers, argue out the pros and cons of all aspects of the five-point measure.

Outnumbered Southerners hoped to win the adoption of amendments modifying the House bill. Other members planned to try to strengthen it, while some appeared content to leave it alone.

Sen. Norris Cotton (R-NH), a committee member, predicted the quipshot will be a stand-off with the bill being returned unchanged to the Senate.

The bill was passed by the House last Thursday. The Senate promptly referred it to the Judiciary Committee, but ordered it returned to the Senate itself no later than midnight Tuesday.

This will permit the bill to be taken up for Senate consideration Wednesday, with our without any committee changes.

The core of the House bill is an administration-sponsored provision for court-appointed referees to see that Negroes are permitted to register and vote in areas where they are now barred because of racial discrimination.

## Three Homes Blasted in Okla. City

OKLAHOMA CITY, Okla. (AP) — Three bomb blasts in separate sections of Oklahoma City Saturday night were the grim prelude to an air disaster which took five lives Sunday.

There were no injuries in the blasts which damaged homes and autos owned by three production employees of the Oklahoma Publishing Co.

The explosions occurred within 60 minutes of each other. Officers called for demolition experts from Ft. Sill, Okla., to determine the nature of the explosions.

A giant Army transport helicopter which carried the demolition experts here, crashed during a landing approach after the return to Ft. Sill. All five crewmen aboard were killed.

They were: C.W.O. Dewey L. Seigler, 32, Wallhalla, S.C., pilot; C.W.O. Carl V. Ayers, 32, Carrizo Springs, Tex., copilot; Sgt. Raymond D. Pestana, 31, Honolulu, Hawaii, crew chief; Sp.5.C. John C. Dollahite, Jr., Blanco, Tex., plan to organize a Southern caucus aimed at resisting Butler's proposal.

## Star Newsboys Find Weather Unfavorable But Visit All Points on Louisiana Tour

By A. H. Washburn  
New Iberia, La., Sunday, March 27 — It's 341 miles from Hope to the Bayou Teche City on the Gulf Coast — but our Star newsboys expedition didn't find Spring in the air until we were well below Alexandria, arriving about 2 p.m., Saturday.

As our visit to Avery's Island Bird City and Jungle Garden wasn't set up until Sunday — we spent Saturday, Pod Rogers, Circulation Manager and A. H. Washburn, Publisher, showing ten-carrier boys their first view of salt water.

We saw the Gulf 20 miles south of New Iberia at a place called Cypress Point, which had a dukes mixture of fishing and outboard racing. The sky was grey but warm. We returned to New Iberia for Saturday night at the fine old Fredrick Hotel and its French Coffee Shop — a family affair run by Mrs. Owen Southwell and her two sons, Gene and Jerald Patout.

Saturday night the impending storm broke and our parties swished out to Avery Island in rain that got worse as the day wore on. We saw rare flowers of Jungle Gardens, however, before it got so bad. But I had to shoot telephoto pictures of egrets on Bird Island in a downpour, after which we closed up shop, piled into the station wagons for the hotel.

After Sunday dinner we cut short our New Iberia visit, checked out of the hotel, and as I write this we are preparing to leave for New Orleans and the Town Motel, where we'll spend Sunday night. The boys will then get to see the French Quarters and Lake Pontchartrain Monday and then we'll take off for home.

## Governor Has Ideas on Convention

LITTLE ROCK (AP) — Gov. Orval E. Faubus said today that some well-known Arkansas Democrats are working on a "rump" delegation to replace the regular state group at the national party convention in Los Angeles this summer.

The governor declined to reveal any names.

He told his news conference that those working on the rump delegation were prominent Democrats, "but not any friends of mine."

National Democratic Chairman Paul Butler has invited southern Democrats to send rival delegations to the national convention in July. These rival groups would agree to support the party platform and nominees as "loyalists."

Arkansas is one of six states which have laws providing for "free electors," delegates who would not be firmly bound to vote for any particular candidate when the Electoral College formally chooses a President.

Faubus said Butler might be making a mistake, because if the regular Democratic delegation from Arkansas is ousted in Los Angeles the people of this state might name their own electors.

He said he had not heard of any plan to organize a Southern caucus aimed at resisting Butler's proposal.

## Highway Not Blamed for Business Loss

LITTLE ROCK (AP) — The Arkansas Supreme Court held today that a land owner may not be compensated for loss of business resulting from a diversion of traffic by construction of a highway.

The court itself noted that the opinion was "far reaching" and said the exact question had not been before it previously.

Construction of an access road for the new Little Rock-Benton Highway caused a service station of the Ark-La-Tex Co. to be cut off from the previous easy entry from the highway itself.

The station fronted on the access road after that was completed, but the nearest point where the access road led into the highway itself was more than a mile away.

The Supreme Court, with one dissent, said Saline Circuit Court erred in permitting a judgment based on the undisputed loss of business suffered by the company as a result of construction of the access road which was not there when the station was built.

"The Supreme Court majority said if it held that such a loss could be compensated for it would amount to erecting an almost insuperable barrier in the way of further construction of super highways."

The opinion emphasized that the right of entering and leaving one's property was not involved. "This right may be compensated for, but in the present case was not issue, the court said."

The Circuit Court jury awarded judgments totaling \$39,000—\$30,000 to the two brothers who own the oil company and \$9,000 to their mother, Mrs. Sallie Harvey Bingham, from whom they leased the land for the station.

The Supreme Court said the testimony for Mrs. Bingham and her sons was based almost entirely on loss of revenues.

After disallowing this, the Supreme Court cut the judgments to \$6,150 for Mrs. Bingham and \$6,750 for the operators — these amounts based on the testimony of a Highway Department appraiser as to value of a small plot taken for the access road.

## Thinks State Demos to Stay With Party

FORT SMITH, Ark. (AP) — There is no doubt that Arkansas' presidential electors will vote Democratic in the 1960 Electoral College, Arkansas Democratic Chairman, Tom Harper said yesterday.

Harper made the statement after National Democratic Chairman Paul Butler called on southern Democrats to organize loyalty delegations to this year's national convention.

Butler was seeking alternatives to unpledged "free" electors. These he views as a threat to the party.

"Arkansas electors have voted Democratic since the Reconstruction," Harper said, "and I have no reason to doubt that they will vote that way this time."

Harper said an Arkansas ballot in the electoral college "seemed the unlikely thing in the world."

A 1959 Arkansas law changed the state's electoral rules to leave electors less firmly bound to support the nominee of their party. Presidential electors are chosen in Arkansas by party.

Harper had this comment about Butler: "Mr. Butler has his good and he has his bad. He talks too much."

## Macmillan, Ike in Huddle on Nuclear Tests

CAMP DAVID, Md. (AP) — President Eisenhower and Prime Minister Harold Macmillan began vital work at Camp David, Md., this afternoon on a compromise reply to Russia's latest proposal for a nuclear weapons test ban.

The chief executive and his long-time British friend flew by helicopter to this presidential retreat in the Catoctin Mountains, 65 miles from Washington. They arrived at 12:45 p.m. EST.

Macmillan had conferred with Secretary of State Christian A. Herter at the British embassy in Washington for 2½ hours before he joined Eisenhower at the White House for the flight to Camp David.

It was understood that the effort for rapid progress at Camp David, bumpy conference cleared the way not only on the nuclear test-control problem, but also on a review of Berlin, disarmament and other major issues due to come up at the East-West summit meeting at Paris in May.

Herter said the conference which he and his aides held with Macmillan and a panel of British officials went off "all right." It covered a number of subjects, he remarked.

Macmillan reported merely that "we had some technical exposition." In response to a direct question about what he thought of future, he said that the prospects ahead are always good.

The whirlybirds carrying the American-British party took off from the White House lawn.

During the two or three days they will spend together at Camp David, Md., the two allied leaders will also make a pre-summit review of relations with the Soviet Union. They may lay down some new guidelines for development of proposals to be put before Soviet Premier Nikita Khrushchev at the Big Four summit meeting at Paris beginning May 16.

Before flying with Eisenhower to Camp David this afternoon, Macmillan was scheduled to confer with Secretary of State Christian A. Herter at the British Embassy.

"The U.S. and British positions on the Soviet Union's latest test control plan were said to be very similar with both sides now favoring a positive counter-proposal."

"The urgent problem before the President and prime minister is to shape a reply to a Soviet proposition for banning all nuclear weapons tests—most of them by formal treaty and the remainder, small underground tests, by common agreement on an indefinite moratorium."

"The United States had proposed that any treaty now should exempt small underground nuclear blasts because it said they are too difficult to distinguish from small earthquakes."

Eisenhower and Macmillan may agree to approve a moratorium on the small underground blasts, but to impose a time limit of one or two years.

Without specific inspection provisions covering the smaller here. She is survived by her husband, two sons, Dock and David Stevenson of Hope; three daughters, Mrs. Bethel Anderson, Mrs. Beulah Jarmway and Mrs. Willie May of Hope and a brother, Jack Crew of Moravia.

Services were held at 4 p.m. Sunday at Anderson Union Baptist Church by the Rev. Charles Baskin and the Rev. James Shaddox. Burial by Oakcrest was in the cemetery.

## Blame Adults for Wrongs of Youths

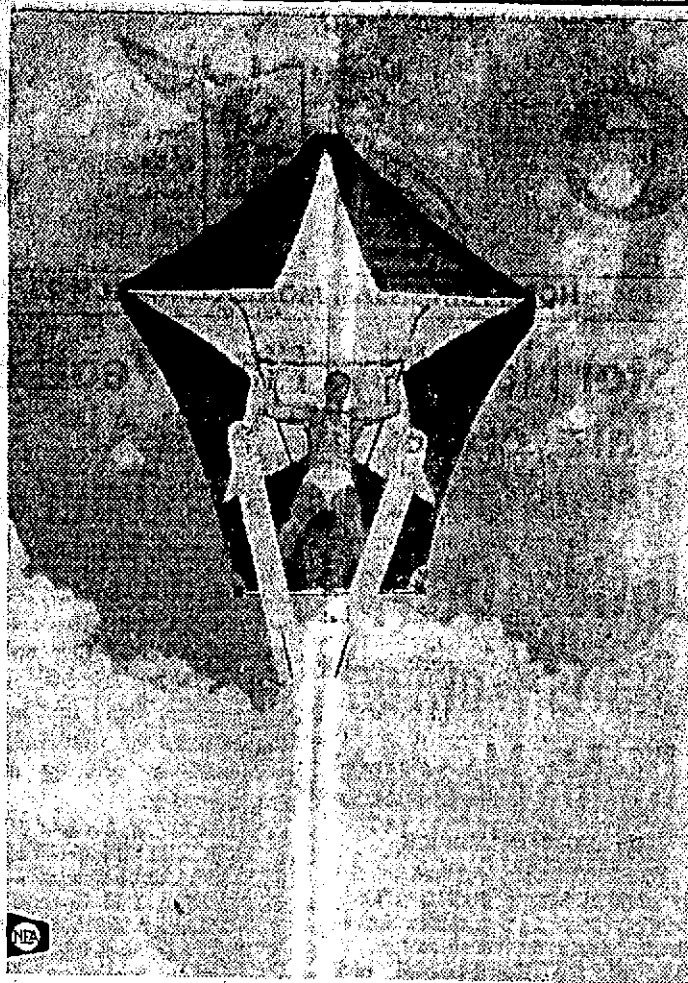

By G. K. HODENFIELD  
AP Education Writer

WASHINGTON (AP)—If there is anything wrong with the younger generation, the adults of this country have only themselves to blame.

That sentiment, expressed by speaker after speaker, set the tone today as 7,000 delegates to the White House Conference on Children and Youth swung into their first full day's work. The meetings continue through Friday.

The cure for what ails youth, they said, must be found by treating the moral sickness of their elders.

"The basic problem of the young is not complicated, it is the apathy and perjury and poor examples of the adult generations," said Miriam D. Hanks of Salt Lake City, an elder of the Church of Jesus Christ of Latter-day Saints. Elder Hanks' theme, in a speech

## Crowd Nearly Overran Mr. Khrushchev

By PRESTON GROVER

MARSEILLE, France (AP)—An enthusiastic crowd broke through police lines today and nearly overran Soviet Premier Nikita Khrushchev.

Leaving the enclosed yard of a children's school he had visited, he mistook which car door to enter, and the crowd, evidently thought he was coming over to get acquainted.

The wave of men and women stormed through the police line, shouting and waving red flags. Khrushchev was surrounded.

The expression on the Premier's face indicated he did not find the experience completely agreeable. He stood in the crush until police rescued him and didn't try to shake a single hand.

A cordon of police on foot and with motorcycles quickly pushed in and formed around Khrushchev, then escorted him to his car.

Earlier in his tour of the French provinces, Khrushchev showed signs that he thought he was seeing too much of French industry and not enough of the French people.

The gregarious Soviet premier has remained good natured but at

Marseille, France's big Med-  
iterranean port city, which has a  
heavy concentration of Commu-  
nists, gave the Soviet premier the  
warmest welcome since he arrived  
in France Wednesday for a 11-day  
visit.

Despite pelling rain, tens of  
thousands turned out to cheer his  
caravan as it swung down the  
famed Rue de Cannebiere, the  
city's Fifth Avenue.

## LEHMAN'S

Offers This Advice To All Women  
Who Have Had This Experience—

Remember? The weather forecast was sort of uncertain, but it  
looked so nice when you finished breakfast you decided to wash  
anyway. And by the time the clothes were ready for the line,  
brother, there it was; rain, a cold wet river of  
rain, or maybe it was driving snow with flakes  
big as a quarter and the temperature dropping  
below freezing. And all you could do was watch  
in helpless frustration, temper rising,  
with a shapeless lump of wet clothes in  
a basket for company and consolation.

It's happened before; it will happen again  
and again. Our advice; save wear and tear  
on your disposition, save yourself all the  
work and worry of line drying simply by  
making your own ideal drying weather in  
a new Maytag Halo-of-Heat Dryer.

### MAYTAG Halo-of-Heat DRYER

dries clothes in minutes... in dust-free  
air... safe as sunshine... low in cost—

and here are some of the wonderful MAYTAG features:

## Negroes Rally for Boycott at Pine Bluff

PINE BLUFF, Ark. (AP) — A rally was held at a Negro church yesterday in an attempt to step up the effectiveness of a boycott against chain variety stores which refuse lunch counter service to Negroes.

Dr. David E. Parker, head of the local branch of the National Assn. for the Advancement of Colored People, told 800 Negroes that they must spread the boycott by "taking the message to your neighbors."

"It's up to you," he said. "All you have to do is do nothing. Just stay out of those two places."

The boycott is directed against two variety stores, the J. J. Newberry Co. and the F. W. Woolworth Co.

A third Pine Bluff chain store, the S. H. Kress Co., has no lunch counter and is not being boycotted. The boycott began last week. NAACP leaders said its purpose is to protest the fact that Negroes are encouraged to buy merchandise from other sections of the stores, but are turned away from the lunch counters.

Parker said he was "gratified Missick of Texarkana and Paternal grandparents are Mr. and Mrs. Curtis C. Moore of Hope.

Mr. and Mrs. Bob Truax of Crossett announce the arrival of a son born March 25. He weighed eight pounds and is their second child. Mr. and Mrs. Deway Camp are maternal grandparents.

Pinebluff, Tex. An Army spokesman said the twin-engine 1137 helicopter apparently plunged nose first through a fog into the ground.

The demolition experts later returned to Ft. Still by auto with samples of materials from the explosions here.

The blasts damaged the homes of Mrs. Walter Sherry, Jr., Bill Martin, and Alvin Winn. Autos owned by Sherry and Martin also were damaged.

Police said they were investigating the possibility of a connection between the blasts and two residential fires March 20.

The fires damaged a home owned by Marvin Hawkins, and another house formerly occupied by Dave Wilson.

Wilson and Hawkins are also production employees of the Oklahoma Publishing Co. which publishes the Daily Oklahoman and Times.

"Mrs. like Martin, Winn and Sherry, took leave of their jobs here for temporary employment with the Portland Oregonian and Journal last November and December.

Police Inspector Bert Giddens termed the bombings the works of "hoodlums and gangsters."

By MICHAEL GOLDSMITH

GENEVA (AP) — The Western powers today introduced a detailed plan for a vast organization to control every step of a world disarmament treaty.

Italian delegate Francesco Cavaletti introduced the plan at the 10-nation disarmament conference on behalf of the five Western powers.

Cavaletti said the proposed International Disarmament Organization must have far wider functions than a mere check on agreed arms cuts. His plan called for permanent surveillance of national military budgets and military maneuvers, as well as control of all satellite and missile launches.

Soviet delegate Valerian Zorin made no comment. Instead, he again demanded that the conference begin by agreeing on "general and complete disarmament" and deal with control provisions later.

Western officials said today's session of the conference thus produced no progress, but the relaxed atmosphere of the first two weeks of the conference was maintained.

Cavaletti defined the functions of the IDO in 10 basic points.

He said IDO should:

1. Receive advance notice on launching of any satellite and detailed reports on the satellite's course.

2. Obtain detailed information on existing level of armed forces and conventional armaments.

3. Verify any agreed limitations or reductions.

4. Collect and verify information on national budgets of all countries, including total amounts devoted to military purposes and percentage of military expenditure in total government outlay.

5. Install a worldwide system for control of artificial satellites capable of carrying weapons of mass destruction.

6. Receive prior notice on launching of any long-range missile.

7. Organize a system to control an agreed cutoff of production of nuclear weapons.

8. Organize a system to supervise conversion of all military fashionable materials to peaceful uses.

9. Establish a procedure for inspection and surveillance of military operations, including maneuvers, conducted by all the major powers.

10. Establish a system to give all powers security from surprise attack.

From the very start, Cavaletti said, IDO should be a "vast and important organization exercising much more than a mere control" of arms cuts.

He said the organization should be headed by a veto-free 14-nation Executive Committee selected on a "strategic, technical and geographical basis," and including permanent and elected members without a veto.

Bob McMahan of Magnolia has been named director of the Arkansas Derby. Boys 11 to 15 may participate.

## DOROTHY DIX

Man's Extremity Is God's Opportunity

Dear Dorothy Dix: You have helped others. Perhaps you can help me.

I returned from an out-of-town job to find my wife had left home. I located her. She wouldn't speak to me. She and her employer went joy-riding every night. She had a wonderful hair-dressing business in our home, earning around \$100 a week with which she could do as she wished.

Our pastor spoke to my wife. I appealed to this man's wife. Our home is open to my wife if she will leave this man and his employ. We have been married 20 years. There was always harmony between us but her mother left her father 30 years ago so maybe it runs in the family. Our daughter is disgusted. Please advise me what to do. Our religion makes divorce impossible. — Bewildered Husband

Dear Bewildered Husband: St. Francis of Assisi said, "Where there is hatred let me sow love. Where there is doubt, faith. Where there is injury, pardon. Where there is sin, I am sending you my leaflet, 'Keystones of the Home.'"

Dear Dorothy Dix: I'm a teenage girl and I don't get along with my mother. She's always yelling at me. She never says anything nice to me. I try to do what she tells me the best I can, but that's not enough. She doesn't give me any privacy. — Disgusted Teen

Dear Disgusted Teen: "No cross, no crown." Remember those words of William Penn? If your mother is as you describe, like her crying as a test of character. These tests come to us all in one form or another. Ill-tempered people are sick in mind or body. Accept the fact, do the best you can and build up a life of your own.

If you don't belong to a church, join one of your faith and, should the going at home get too rough, seek the minister's help. It has been my observation that the more difficult the mother, the nicer the child. So — take heart. My leaflet, "Our Fine Teenagers," goes to you today.

Dear Dorothy Dix: I would like to write to "The Lady who left her husband," your column of January 27th. It will be to her advantage. Perhaps you can give me her address. — Annette Thorson, 1037 Fourth, Bremerton, Washington.

Will "The Lady Who Left Her Husband" write?

## Negroes Stay Home in South Africa

By LYNN HEINZERLING

JOHANNESBURG, South Africa (AP) — Thousands of Negroes stayed home today to show their strength and mourn the death of 72 blacks slain by white police a week ago. Police raided headquarters here of the Negro group sponsoring the stay-at-home work boycott.

The Witwatersrand security police moved into the downtown headquarters of the African National Congress and seized a number of letters and documents. It was the second time in four days the police had visited the office.

Headquarters of the Indian Congress, Democrats and South African Congress of Trade Unions also were raided.

South Africa's white government has rendered a bill for introduction in Parliament to outlaw the African National Congress and the two major Negro groups. The Pan-Africanists, who spearheaded last week's demonstrations against the government's pass system, since suspended, have no regular office in Johannesburg.

The work boycott, which began slowly last week and reached a climax today, was called by Albert Lutuli, president of the African National Congress.

As the working day passed, it was apparent that Lutuli's appeal was being heeded in Johannesburg, Cape Town, Durban and other large cities where low-cost Negro labor is the base of the economy.

In the Cape Town area, most

Africans employed in the public transport system and the building trades remained at home. Bread and milk deliveries were at a minimum.

In Johannesburg, no railway tickets had been sold by 7:30 a.m. at one of the big suburban depots, usually about 1,000 would have been sold by then.

As the day wore on, blacks moved out into the streets and began a series of bonfires—with passbooks as fuel. Police threatened to crack down on passbook burning as a criminal offense.

The lack of violence was partly attributed to the government's crackdown Saturday on its requirement that Negroes carry passbooks and show them whenever police demand.

The police fire last week was directed at demonstrators against the passbooks who were trying to get themselves arrested to fill the jails, clog court procedure and cause an economic breakdown.

## Don't Bet on Yank Empire Crumbling

By JACK HAND

Associated Press Sports Writer  
ST. PETERSBURG, Fla. (AP) - Perhaps the New York Yankees empire has crumbled. Perhaps Casey Stengel has had it. Perhaps they don't bet on it.

The Yankees still are smarting from their shocking performance of last season. New blood has been injected by Roger Maris. Old familiar faces like Hank Bauer, Don Larsen and Norm Siebern have departed. If there was complacency a year ago, it vanished in the wake of a third-place finish. This is a bunch of well-heeled young men who were jolted out of the clouds last fall when their tidy little corporation failed to pay its usual World Series dividend.

"When Christmas came and this spring when the income tax came due, we didn't have to worry," said Manager Casey Stengel today. "I think we got some \$800 for finishing third, instead of several thousand dollars. The players knew it. I think they'll put it out."

Although the Yankees praised Chicago for its pennant victory last year, many of them blame themselves for losing it. They are working hard this spring to get back on the gravy train.

"Can this club do any good?", Stengel asked himself, "that is a good question. Now I know (Bill) Skowron and (Elston) Howard are pretty good hitters. My pitching, I'll have to find out. I think we will hit better. The runs have got to come in pretty soon or we'll have to make some changes. Our team is going to have to make it with men who have played in the big league."

"We got Maris who drove in 75 runs (actually it was 72) for Kansas City and we've got (Hector) Lopez who drove in 93. Now (Mickey) Mantle knocked in a few runs (75) and he can drive in more."

Bill Skowron (298) is a most important man. The big first baseman missed a good share of last season because of a back injury and a broken wrist. Bobby Richardson (301) has taken charge at second. Shortstop probably will belong to Tony Kubek (279) with Gil McDougald (251) or Andy Carey (257) on third.

Maris (273 at Kansas City) seems to be making the switch to left field without too much trouble although he still must prove he can do it at Yankee Stadium.

Mantle (285) was slowed down by a holdout and a sore knee in his hopes for a fast start to erase memories of 1959. Lopez (283) will be in right.

Yogi Berra (284), after a few games at third, is ready to return to catching with help from Elston Howard (273). Stengel would like to have both in the lineup at the same time and may juggle to do it.

Whitey Ford (16-10) has been hot in the spring games. Bob Turley (8-11), experimenting with a new delivery with men on base, has been so-so. Art Ditmar (13-9), Jim Coates (8-1) and probably rookie Bill Short (17-5 at Richmond) will be the other starters.

Short and Ralph Terry (5-11) were late joining the club because of Army service. Terry too, could start. Ryno Duren (3-6) appears to have bullpen help in rookie Johnny Hughes (9-6 at Richmond), the best looking young pitcher in camp.

## New UA Dormitory

FAYETTEVILLE, Ark. (AP) - The University of Arkansas will construct a \$1,672,000 dormitory for freshmen. It will be completed by September, 1961.

Construction will begin as soon as final approval of the loan is received from the Housing and Home Finance Agency. The loan will be repaid with student room and board fees.

The 10-story structure will house 440 men. It will be the latest building on the campus.

## Robertson May Join Cincinnati

NEW YORK (AP)—Oscar Robertson, the Big O of college basketball, will do his pro playing for a National Basketball Assn. club, undoubtedly Cincinnati, rather than the Harlem Globetrotters.

That was the word today from George Smith, coach of the three-time All-America who graduates from the University of Cincinnati this spring with a degree in business administration.

Oscar was not in a talkative mood regarding his future basketball plans after starting in a losing cause in the East's 67-66 victory over the West in the New York Herald Tribune's Fresh Air Fund All-Star Game Saturday.

But Smith, who coached the Western team, said: "I think I know Oscar. He is not concerned with a fantastic salary as the Globetrotters figure to offer him. He wants a home, security and a chance to build a future. As you know he is getting married in June."

"He figures the Globetrotters wouldn't offer him all that since the team is constantly on the go. With the NBA he'll be able to set up a home and possibly go into the business of selling real estate and insurance in the off season."

The Cincinnati Royals have first call on Robertson in the NBA as a territorial selection.

## Arkansas Team Sets a Record

LITTLE ROCK (AP)—The Benton, Ark., McCray Real Estate team set a team division record yesterday in taking over the team lead in the Southern Bowling Conference Handicap Tournament.

The Benton team rolled 3,247, surpassing the old mark of 3,232 by 15 pins, the former record was set in 1958 by a San Angelo, Tex., team. Benton shoved the Gill Realty Co. of Memphis, Tenn., to second place in the meet stand.

Other leaders held their positions. Lou Frantz of Louisville, Ky., rolled a 1,998 in the all events scratch to take second place. Bob Nystrom of Albany, Ga., leads in that division and in the singles and all events handicaps.

The 23rd annual tournament continues five more weekends.

## Defends Sitdowns as Tradition

LITTLE ROCK (AP)—The Rev. Richard Kelley, a white Little Rock Unitarian minister, has defended Negro lunch counter sit-in demonstrations as following the Christian tradition.

He called the demonstrations a practical and serious expression of religious commitment and concern.

Kelley, whose church includes white members only but does not bar Negroes, said the sit-ins employ refinements of techniques used by Christians for some 2,000 years.

He called this "subversive Christianity," meaning that Christianity always has been revolutionary in teaching there is a loyalty which transcends worldly allegiance.

Kelley conceded that demonstrators may break the law when they sit down at lunch counters, but said they have tried to maintain order.

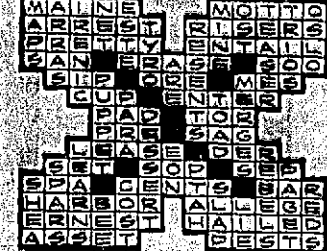

He said the demonstrations are not intended to prevent a merchant from conducting his business, and that it is the proprietor himself who closes.

## Pirates Are Beating All Opponents

By MIKE RATHET  
Associated Press Sports Writer

A minor baseball miracle is taking place at Fort Myers, Fla., where Diomedes Olivo, a 40-year-old rookie pitcher, is trying to earn a berth with Pittsburgh's Pecos Pirates.

Picked up from Poza Rica of the Mexican League, Olivo impressed again Sunday by pitching one-hit ball for two innings in his exhibition debut as Pittsburgh blanked Washington 4-0 for its 11th consecutive victory.

Olivo compiled a 21-0 record in the double A Mexican circuit last season. He appeared in 35 games, completed 23 of 30 starts, worked 247 innings, struck out 233, walked only 61 and turned in a 3.02 earned run average.

Despite Olivo's age, Pirate Manager Danny Murtough decided to take a look at the 6-foot-1, 195 pound native of the Dominican Republic. He may be just the man to spell relief specialist Roy Face.

Olivo's pitched creditably in most of his intrasquad workouts and showed a hopping fast ball in his first official outing for the Pirates, who haven't lost since dropping their first three games.

Other fine pitching performances were turned in Sunday by St. Louis' Vinegar Bend Mizell, who went nine innings and beat Detroit 3-1 on a five-hitter, and Cincinnati's Jim Brosnan, a 4-3 victor over Milwaukee with a six-hit, nine-inning job.

In other games, Chicago's White Sox edged Philadelphia 7-6, Baltimore defeated New York 3-1, San Francisco beat Boston 8-3, Kansas City nipped Los Angeles 3-2 and Chicago's Cubs whipped Cleveland 3-2.

## Celtics Clobber Hawks in First Playoff Game

By BOB HOOBING  
Associated Press Sports Writer

BOSTON (AP)—The hot-handed Boston Celtics have caught St. Louis in the middle of a style adjustment to get the jump in the National Basketball Assn. championship playoff series which both clubs figure is going to get much tougher.

Boston romped to a 140-122 get-away victory Sunday which produced nine records, including most points in a game by one team and two in a title playoff contest.

"It was just one of those days," shrugged happy Celtics Coach Red Auerbach who agreed with the Hawks' Ed Macauley that the best-of-seven struggle is far from over. "We couldn't do anything wrong," Auerbach continued. "You don't beat these guys that easily very often."

"Tuesday's second game is the big one," Macauley said. "The fact that we had to travel after playing Minneapolis Saturday and that the Lakers are not a running club like Boston played a part in the outcome."

"I hated to beat them so badly," commented Bill Sharman of the Celtics who got 23 points while Tom Heinsohn had 24, Frank Ramsey 21 and Bob Cousy 20 in the balanced Boston attack. "We caught them when they were tired. They'll get tougher. When we got hot like that we tend to think we can do it any time and it isn't so."

Cousy was the man who released the torrent of Boston points in the first 4½ minutes of the second period the veteran backcourt wizard directed an outburst when sent the Celtics from a 30-25 lead out to a commanding 47-30 margin. In that span Cousy scored two baskets, assisted on four more, stole the ball three times and intercepted a pass.

## College Stars Meet Phillips Cage Team

DENVER (AP)—The big stars of college basketball, including four Associated Press All-Americans, are matched against Bartlesville's (Okla.) veteran AAU team in one of the four games opening the Olympic trials here Thursday night.

Cincinnati's Oscar Robertson, West Virginia's Jerry West, California's Darrall Imhoff and Tony Jackson of St. John's (N.Y.) head the dream cast of the NCAA university all star teams coached by Pete Newell of California.

"They'll battle such AAU greats as Red Murrell (Drake), Burdette Halderson (Colorado), George Lee (Michigan), Tom Robitaille (Iowa), Paul Neumann (Stanford), Les Lane (Oklahoma), Jerry Shipp (Southeast Oklahoma) who despite a slump that limited him to two winners during the last six racing days.

He has 24 winners and eight each in the place and show positions. Closest to him is jockey Ken Griffith, who finished third last year. Griffith has 16 firsts, nine seconds and 15 thirds. Larry Spraker, another apprentice, is third with 13 winners, 12 for place and four for show.

The other three games bring together the rest of the nation's greatest amateur talent, trying out for the 12 berths on the United States Olympic team that plays in Rome late this summer.

Ohio State's NCAA champions, including All-American Jerry Lucas, go against the small college stars from the National Athletic Intercollegiate Assn. (NAIA) coached by Milton Jowers of Southwest Texas.

Peoria, champion of the AAU tournament here last week, meets another collection of NCAA all stars coached by Art McCutchan of Evansville (Ind.) College, who steered his team to the NCAA Small College Division title.

The other opening contest sends Akron (Ohio) Wingfoots, runnerup to Peoria in the AAU, against the Armed Forces All Stars.

All eight teams in the meet are scheduled to play three games.

## Porkers Place in Only Two Events

STILLWATER, Okla. (AP)—Arkansas placed in only two events in Saturday's Oklahoma State University relays.

Tom Oakley, former Razorback Petersburg competing unattached, was second. Detroit vs. Kansas City at West in the two-mile run to Paul White-Palm Beach.

The Razorback sprint medley relay team, composed of Ray Denton, Dyck, Charles Davis, Gary McDonald and Wayne McCollum, placed third in that event behind Miami (N) Kansas and Drake.

The Arkansas freshman mile relay team of Ken Blankenship, Chicago (A) vs. Washington at Gary Brown, Hayden Hicks and Orlando Jun Tate set a record in winning their event in the freshman-ton junior college division. Their time was 3:21.2 compared to the old mark of 3:26.4.

## Traveler Drive Short of Goal

LITTLE ROCK (AP)—A committee trying to raise enough money to field a Little Rock team in the Southern Assn. baseball league renewed its efforts today. Little Rock has been offered a league franchise surrendered by New Orleans, but an estimated \$75,000 is needed to finance operations.

A newly formed Arkansas Travelers, Inc., is behind the attempt to get a team. So far about \$31,000 has been raised in pledges and donations.

The fund-raising committee is expected to make recommendations about a purchase go-ahead when the new organization's board of directors meets tonight. League President Charlie Hurth has indicated Little Rock will get the nod for a return to the Southern Assn. as soon as the financial problem is solved.

## Extra Part of Spa Races Starts Today

HOT SPRINGS, Ark. (AP)—An eight-race card featuring the \$4,000 Arkansas Traveler purse today leads off Oaklawn Park's "extra" week of the spring racing meet. The Oaklawn season usually ends with the Arkansas Derby, which was run Saturday. But this year a week has been added to make up for six cards lost due to bad weather. Racing ends Saturday.

Marion H. Van Berg's Spring Broker and the Tuckahoe Farm's Persian Gold won their respective divisions of Saturday's Arkansas Derby. Twenty horses entered the big race, so it was split into two \$15,000 added divisions.

John Zilnik's Manassas, an Oaklawn favorite and a stakes performer for several years, makes his 1960 Arkansas debut in the Traveler purse today. He will share topweight of 122 pounds with Lloyd Mistrol's Grand Wizard, the Sunnyside Stable's Resolved and Crimson Kings Farm's Nunya.

Grand Wizard, winner of the \$10,000 Inaugural Handicap, may be the favorite. He has earned \$18,000 this year.

Also regarded as a threat is Statistician, winner of the King Cotton Handicap and the Trailways purse. Statistician will be joined by his stablemate, Turn Down. They are the property of Mrs. A. M. Creech.

Saturday's crowd of 18,337 was an all-time high for a single day and the current meeting has twice broken daily mutual records, the \$1,079,107 of Saturday marking Oaklawn's first million dollar handle.

The four-week attendance total is 224,654, a decrease of 30,843, or slightly over 12 per cent, from last year's 225,537. The wagering total is \$13,399,659, a drop of \$809,885.

The final week is not expected to wipe out the deficits, but they are expected to decrease. Apprentice jockey Ronnie J. Campbell, a 16-year-old from Freeport, Mich., has almost clinched the Oaklawn riding championship with two winners during the last six racing days.

He has 24 winners and eight each in the place and show positions. Closest to him is jockey Ken Griffith, who finished third last year. Griffith has 16 firsts, nine seconds and 15 thirds. Larry Spraker, another apprentice, is third with 13 winners, 12 for place and four for show.
